

Understanding Autism Cards

Print out to give people to help them understand your autistic child.

Autism affects the way a child perceives the world around them

A child with Autism may:

- Appear as if they are ignoring you
- Have poor social skills and limited eye contact
- Get distressed by noise, strong smells and crowds
- Exhibit repetitive behaviour
- Have difficulty adjusting to change
- Laughs or appears upset for no reason

For more information on Autism visit www.asc-mascot.com

My child is on the Autism Spectrum

Please be understanding

My child is not a bad child and I am not a bad parent. My child is having a meltdown or showing unusual behaviour because of their Autism. Please be tolerant and understanding of my child's needs.

Please support us, don't judge us
