Hemp Body Mist Sprays 8 Fl Oz / 237 ML by Serenata boasts a lush mix of more than 25 natural and organic plant and fruit extracts that will enhance your skin and senses. Our mists are free of artificial fragrance yet have no shortcoming of any designer label eau de parfum. Enjoy hours of feeling and smelling great without compromising on your well-being.

Hemp seed oil (Cannabis Oil) is known for neutralizing the moisture level of the skin thus awakening its inner natural beauty and glow. For best results spray Hemp Mist all over body after shower on dry skin or use whenever you want to get that refreshed sensation. Do not spray on face.

Each of our 6 flavors boasts an array of vibrant tones that competes with any name brand perfume bringing you a fragrance you are sure to love.
