

"I have known Dave for 20 years. He served as my soccer coach for many of these years and my friend for all of them. He provided me the knowledge, training and discipline needed to become a top goalkeeper. He instilled in me his own virtue of hard work and never giving up in achieving your goals. He encouraged me and assisted me in my dream of becoming a professional goalkeeper, an experience that I will forever treasure."

Trace Hollis – Professional Goalkeeper

"I would not have been able to achieve the level of success that I was able to attain during my college career if I had not trained with Coach de Hart. His skill and experience in training goalkeepers is second to none. Coach de Hart's attention to minor details in a goalkeeper's game is the difference that takes a goalkeeper from good to phenomenal."

Chris Schultz – College Goalkeeper

"I've trained with Dave for several years. His understanding of goalkeeping techniques, drills, positioning, and game theory has greatly improved my skills. I have trained under many goalkeeper coaches and Dave's training is the best. It has amazed me how a minor change in my technique can have a major impact on the field."

Brian Sarber – College Goalkeeper

"As an educator, Dave de Hart has shown immeasurable energy, enthusiasm and soccer knowledge. He conveys information in an articulate and suitable level for others to learn. As an Olympic Development coach, Dave has proven his ability to communicate and teach young athletes, no matter the age or gender. Dave continuously received the highest of all staff evaluation scores from both players and parents in the program. This is a most honorable achievement. His love of the game can be seen and heard during any conversation and certainly in his new book."
