

# ORION II 500

## HEAVY DUTY MANUAL

Future Mobility's Orion II 500 wheelchair is custom designed for individuals who weigh from 250 – 500 lbs. With the Orion II 500, these users can redistribute their body weight within the wheelchair for optimal positioning. This allows the wheelchair's end user to live more independent lives, while being fully involved in their communities.

## DUAL GAS CYLINDER

With dual Gas Cylinders there is a smoother tilt of the wheelchair for both the end user and their caregiver. Allows a weight limit of up to 500 LBS.

# HEAVY DUTY TILT CHAIR

The Orion II 500 is dynamic, progressive and the most popular heavy duty tilt chair in the bariatric market.

## ADJUSTABLE AXLE PLATE

With an Adjustable axle plate, the wheelchair's user can customize seat-to-floor height as well as their center of gravity.

## REAR CROSSBAR STABILITY

Our Rear Crossbar increases the wheelchair's stability.

## PUSH PULL WHEEL LOCK

Future Mobility's Wheel locks are available in either push or pull to lock options. A brake extension comes built into the handle.

## ATTENDANT TRIGGER TILT

This allows the end user's caregiver to easily tilt the wheelchair.
