Energy and Stamina

Circulatory Health and Stamina

Maintaining healthy blood flow is crucial for optimal health. Age, diet, and exposure to stress may eventually affect your circulation and inhibit blood flow in your body.

Good blood flow delivers oxygen and vital nutrients to your cells, tissues, and organs, keeping your body working properly.

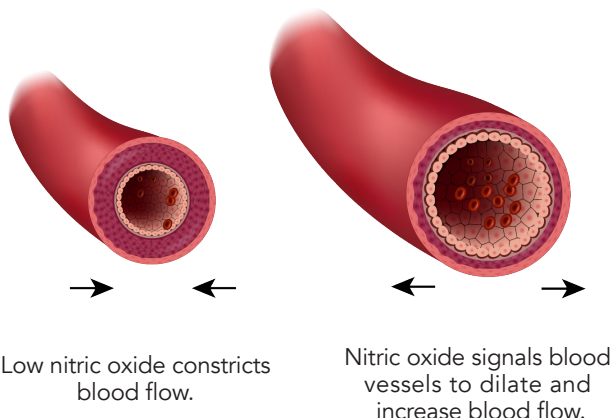

TechNO BOOST is a proprietary formula designed to increase nutrient and blood flow with 2-in-1 nitric oxide (NO) support.

Nitric oxide opens your blood vessels to increase nutrient flow through your body.

Nitric oxide is the “miracle molecule” that signals your blood vessels to increase blood and nutrient flow. It is a component everyone needs. It is so important for healthy living that its discovery won the 1998 Nobel Prize in Medicine.

TechNO BOOST's proprietary formula of L-Arginine AAKG and plant-based antioxidants promote and restore natural nitric oxide production.

Daily supplementing with TechNO BOOST provides increased performance from everyday activity to athletic endurance and stamina and helps support a long, happy, heart-healthy life.

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 30

Amount Per Serving	%DV
TechNO BOOST Blend	1240mg*
L-Arginine Alpha-Ketoglutarate (AKG 2:1)
