Hickory, NC 28603

To whom it may concern,

FleetTax Recovery Specialists called on us in January and said they could redeem unclaimed tax refunds for our company that were exclusive to the transportation industry. We operate as a multi-state freight carrier and also have a freight brokerage firm, Piedmont Federal Transport.

Since there was no up-front costs nor major obligation, we signed with FleetTax. They came to our location and reviewed our truck files for the information they required to file these claims. They did all the work and completed our claims leaving us only to sign and mail.

We are pleased about our refunds and plan to partner with FleetTax for all our future refund claims going forward. Although skeptical at first, we are glad we hired FleetTax to secure these new and repeating revenue dollars we never would have known how to pursue.

Sincerely,

Keith Brittain - General Manager
