

Federated Pentecostal Church International

Membership Application

Thank you for your interest in the Federated Pentecostal Church International. We are honored by your consideration and your potential in linking with us to further expand the Kingdom of God.

Please find attached an Executive Summary of the Federated Pentecostal Church International that provides an understanding of the mission and structure of the organization.

Membership is overseen by our Board of Bishops, which consists of tenured bishops, which have shown commitment and dedication to maximizing our organization's effectiveness and efficiency.

The criterion for membership is based on the following:

- A "Statement of Belief/Faith" that is consistent with essential and fundamental Christian doctrine concerning the Lordship of Jesus Christ,
- Reputation of the ministry requesting membership,
- A general understanding and appreciation of the values and vision of Federated Pentecostal Church International and its executive leadership and elected officials.

We recognize that churches and ministries vary in style, structure, and even doctrinal emphasis. We support biblical distinctions without division, local church uniqueness, yet maintain unity. The mandate of the Federated Pentecostal Church International is to unify church, and para-church organizations to strengthen the force in reaching the world for Christ.

If you feel your church/organization is aligned with the above criteria and you would like to apply for membership in the Federated Pentecostal Church International, please provide the information requested below. Please note all information provided is **Confidential**.
