

BOOKS OF ENOCH

Enoch is a Book that is often talked about yet not in the bible. It is not included in the accepted canon of scripture, although it can be found in the Apocrypha. In the last few years there has been a resurgence of interest in Enoch. Many people seem to think they have stumbled across something special that has been hidden for years. They fail to realize that the scrolls of Enoch available to the public over the years are not genuine or original. We know that the original scroll, wherever it may be, if even still around, was a legitimate scroll that probably has some good historical information in it.

In this brief teaching I will share the fact that there are two distinct and different fraudulent scrolls of Enoch, and two distinct and different persons known as Enoch referred to in the bible. One was Enoch the cursed son of Cain, and the other was the righteous Enoch who walked with Yahveh.

We know that the original Book of Enoch did exist at one time because it is referred to in the Book of Jude. We see that Jude quotes the book of Enoch. **Jude 14** *And about these also **Enoch**, in the seventh generation from Adam, prophesied, saying, "Behold, Yahveh came with many thousands of His holy ones,"*

I will very briefly reveal a few things about the scroll of Enoch that Yeshua's bride should know about. I will give some examples of obvious errors to make my point. With obvious errors in the beginning of Enoch exposed, you will see there is really no need to get too in-depth with the rest of it.

The first book of Enoch, called "**one Enoch**", that is commonly available today, was written in Ethiopia, Africa. That is why it is called the "**Ethiopic Edition**". It was written in the language Ge'ez. What is commonly called the "**second book of Enoch**" is found in the Apocrypha. It was written in the Slavonic language. **It is also called the Old Bulgarian Enoch, or The Secrets of Enoch.**

We have several supposed variations of the Book of Enoch available, but because the content is so outrageous, it's pretty hard to accept them as anything to be taken seriously. Some of the words found in these copies are duplicates of what was spoken in various verses of the bible, yet some things are completely out to lunch. The Book of Enoch talks about giants supposedly 437 feet tall (300 cubits). **Enoch 7:12-13** ***"Whose stature was each three hundred cubits. These devoured all which the labor of men produced; until it became impossible to feed them;"** 13 **"these giants devoured all which the labors of men could produce, until it became impossible to feed them; then they turned themselves against men, in order to devour them"***. The common cubit in ancient times was about 17 1/2 inches. (300 x 17.5= 437 feet). We know giants are real and at the time of Noah, but they were not 437 feet tall, of that you can be sure. As per Enoch, we are given the impression that is why the flood came, to keep them from eating up everyone, including Noah and his family.

The Book of Enoch in the Apocrypha says there were 200 fallen angels that came down, copulated with women, and the beasts of the field, corrupting many animals with their seed. **Enoch 68:5** *"The name of the second is Kesabel, who pointed out evil counsel to the sons of the holy angels, and induced them to corrupt their bodies by generating mankind."* The book also talks about Azazel. Azazel was a half man half goat demon who caused man to fall away from God. Azazel supposedly taught weaponry while others

taught the cutting of roots (natural medicines), sorcery, reading stars and cosmetics. We know that the Greeks have always depicted half men half goat, half horse creatures in their myths and legends. Azazel was just as the ancient Greeks depicted in their writings, statues, and pictures. Azazel was the result of fallen angels seducing animals and creating freaks of nature.

Is it possible that all these ancient pictographs and stone carvings that have been found all over the world are not just mythical? Is it all in the imagination of millions of people in many cultures, tribes, and clans all over the globe or could there be something to it?

In Satanic covens all over the world Azazel is better known as Baphomet. When the master of the coven officially goes about his rituals and ceremonies, he always wears a goats head type of covering or mask. This Goat of Mendes, Baphomet, Azazel symbol is commonly used in most occult practices of witchcraft.

Ancient writings

Ancient Jewish writings of 135AD. "The wicked emperor Hadrian, who conquered Jerusalem, boasted, "I have conquered Jerusalem with great power". Rabbi Johanan ben Zakkai said to him, "Do not boast. Had it not been the will of Heaven, you would not have conquered it" Rabbi Johanan then took Hadrian into a cave and showed him the bodies of Amorites who were buried there. One of them measured 18 cubits (30 ft) in height. He said, "when we were deserving, such men were defeated by us, but now, because of our sins, you have defeated us".

Enoch was Methuselahs father, who lived to be 969 years old. **Gen. 5:24** *And Enoch walked with Adonai; and he was not, for Adonai took him.* **Hebr. 11:5** *By faith Enoch was taken up so that he should not see death; AND HE WAS NOT FOUND BECAUSE YAHVEH TOOK HIM UP; for he obtained the witness that **before his being taken up he was pleasing to Adonai.***"

The Talmud makes even more foolish statements as in Og (who was one of the remnants of the giants), **being several miles tall!** Og is spoken of in Josh. 12:4, but not in such a way. We know that Og the giant, a King, was spoken of in scripture, but not as the Rabbi's of Orthodoxy refer to him. **Deut. 3:11** *(For only Og king of Bashan was left of the remnant of the **Rephaim**. Behold, his bedstead was an iron bedstead; it is in Rabbah of the sons of Ammon. Its length was nine cubits and its width four cubits by ordinary cubit.)* His bed was about 15 feet long. Now keep in mind that anything in the bible that is in brackets means it is NOT in the original text.

In the following quote from the available first Enoch scroll, we see an obvious error that is found. **Enoch 64:1-5** *1 In those days **Noah** saw that the earth became inclined, and that destruction approached. 2 Then he lifted up his feet, and went to the ends of the earth, to the dwelling of his great-grandfather Enoch. 3 And **Noah** cried with a bitter voice, Hear me; hear me; hear me: three times. And he said, Tell me what is transacting upon earth; for the earth labours, and is violently shaken. Surely I shall perish with it. 4 After this there was a great perturbation on earth, and a voice was heard from heaven. I fell down on my face, when my great-grandfather Enoch came and stood by me. 5 He said to me, Why hast thou cried out to me with a bitter cry and lamentation?* The above

words were not written by Enoch as we are led to believe, they were written by Noah. Noah is writing this, not Enoch. Enoch was born in 622BC, Enoch lived 365 years, he died in 987BC. Noah was born in 1056BC, so he could never have talked with Enoch.

Enoch 77:1-3 *The names of the sun are these: one Aryares, the other Tomas. 2 The moon has four names. The first is Asonya; the second, Ebla; the third, Benase; and the fourth, Erae. 3 These are the two great luminaries, whose orbs are as the orbs of heaven; and **the dimensions of both are equal.***" Obviously the sun and the moon are not equal in size, proof again that this scroll is a fraud.

Enoch 67:13-15 *All the time that the moon is in progress with its light, it is poured into it in the presence of the sun, until its light is in fourteen days completed in heaven. 14 And when it is wholly extinguished, its light is consumed in heaven; and on the first day it is called the new moon, for on that day light is received into it. 15 It becomes precisely completed on the day that the sun descends into the west, while **the moon ascends at night from the east.*** This is simply incorrect, when we have a new moon, the sun descends in the west and the new moon first appears in the west also.

Enoch 81:7 *So that the year is completed in **three hundred and sixty-four days.***" According to this verse the calendar used at the time of Enoch was the solar calendar which is the same Gregorian type solar calendar we use today. In biblical times time was always calculated using the biblical lunar cycle of 29.5 days per month, not the pagan calendar.

Let's look at something very strange as recorded in the Apocryphal book of Enoch.

Enoch 10:8 *And the whole earth has been corrupted through the works that were taught by Azâzêl: **to him ascribe all sin***". According to this fraudulent version, "ALL THE SIN OF THE WORLD" has been ascribed to Azazel the bad angel. This is absurd. Our bible tells us that it was Adam who was responsible for the sin of the whole world. **Rom. 5:12** *"Here is how it works: **it was through one individual that sin entered the world, and through sin, death; and in this way death passed through to the whole human race, inasmuch as everyone sinned.**"*

THE MYSTERY OF THE TWO ENOCH'S

Many don't realize that there are two Enoch's spoken about in scripture. **One is the cursed Enoch, son of Cain (Gen. 4:16-17), and the other was the righteous Enoch who walked with Adonai (Gen. 5:18-24).** The following verses reveal this.

1) **Gen. 4:16-17** *'Then Cain went out from the presence of Adonai, and settled in the land of Nod, east of Eden. Cain had relations with his wife and she conceived, and **gave birth to Enoch; and he built a city, and called the name of the city Enoch, after the name of his son.**'* **This is talking about the bad Enoch, the son of Cain,** who went out from the presence of Yahveh. This Enoch in history, is also called Nimrod, Hermes or Atlas. The Freemasons), say that he (Nimrod), was the inventor of Astrology. Many also claim he was also the first builder of great cities.

Who was the one in the bible known for his building of great cities and towers?

Nimrod, of course.

Could Nimrod and this Enoch be the same?

The word for Nimrod in Ethiopian is Cush. Who was Nimrod the son of in the bible? Cush. This Enoch was a Cushite. Coincidence?

2) **Gen. 5:18-24** *Jared lived one hundred and sixty-two years, and became the*

father of Enoch. 19 Then Jared lived eight hundred years after he became the father of Enoch, and he had other sons and daughters. 20 So all the days of Jared were nine hundred and sixty-two years, and he died. 21 Enoch lived sixty-five years, and became the father of Methuselah. 22 Then **Enoch walked with God** three hundred years after he became the father of Methuselah, and he had other sons and daughters. 23 So all the days of Enoch were three hundred and sixty-five years. 24 Enoch walked with Adonai; and he was not, for Adonai took him". These verses are talking about the righteous Enoch that walked with Dad.

Let's look at the Azazel connection, error, we find in:

Enoch 10:8-9 "And the whole earth has been corrupted 9 **through the works that were taught by Azazel: to him ascribe all sin.**' And to Gabriel said the Lord: 'Proceed against the bastards and the reprobates, and against the children of fornication: and destroy [the children of fornication and] the children of the Watchers from amongst men:" It appears to state that all sin is ascribed to Azazel (the devil/demon). We know this is not true and in Romans we find it explained, as follows. **Rom. 5:12** Therefore, just as **through one man sin entered into the world, and death through sin, and so death spread to all men, because all sinned"** All sin entered the world through Adam when he fell.

Summary

As mentioned previously, the copies of what are claimed to be the scrolls of Enoch available to the general public today, under scrutiny, show they are fraudulent. I have seen many people spend a great deal of time trying to work the book of Enoch into the last days revelations of John and Daniel. They try to extrapolate verses and ideas from these scrolls and incorporate them into the true scrolls of our bible. Many spend a great deal of time doing so. This is truly sad, because any time wasted on fraudulent verses is time taken away perhaps from the study they should be conducting on the Ruach Hakodesh or other things in scripture. We have 66 books from which we can choose to study from. That in itself will keep us busy for the rest of our lives, we don't need to waste time on rabbit trails that take people over a cliff. Some day we will find out what happened to the original scrolls we are missing from our Good Book, but in the mean time we have plenty to work with.

There are tunnels that fan out for miles, three stories deep, under the Vatican, where files and books are kept on everything imaginable. These tunnels hold rarely seen books that tell of many historical events, and documents that are only available to the highest of the Jesuits. I'm guessing if one could search the caves underneath the Whores Basilica in the Vatican, we would find copies of scrolls that would help us better understand more about the Word. Until that happens, and I don't suspect it ever will, we must do the best we can to understand the Living Word with what we have freely available around the world. It is called the "Living Word" for a reason, and some day Yeshua will return as that Living Word. Perhaps then He will answer all our questions.
