- Item 1 Have a standardised uniform for the examiners at gradings.
Suggest the Navy blue blazer and grey pants, etc.

grading abilities, some people who do well at training cave at
gradings. Some people who don't put much effort at training
put extra in at gradings.

- Item 3 Look at having the gap between junior black and senior as
minimal as possible. So that people transitioning from one to
the other don't have to do much extra.
