

Ride a

THE ALL-STEEL BICYCLE

whose special features
three-gated gear

with Dunlop tyres and Sturmey-Aicher
gear is so much better than any other.

The Raleigh rubber foot crown is most ex-
pensive to manufacture. At this point parts of steel
strut is saved by a complete circle of steel,
instead of the (shaped) oval of the
ordinary plate or box crown, which is much
cheaper to make. Crown breakages occur in
other bicycles; they are avoided in the Raleigh.

GUARANTEED FOR EVER.

Prices: From £5. 0s. to £15. 10s.
Send a postcard "The Raleigh Bicycles."

SPEED & GEAR

Cyclists know the compactness of the Sturm-Arzt. Speed comes first. All in the back hub, it is dust-proof and oil-retaining and runs as smooth as silk. It fits all standard bicycles, and is equally good on all. Specify it on your "after-the-war" bicycle.

Mr. L. Baylis, 224, Waterwood, Weymouth, Hampshire, writes: "I shall always recommend the Sturm-Arzt, as it is such a joy and certainly makes cycling much pleasanter."
