

District Tournament Site Analysis

With the somewhat radical changes in composition, some of the analysis will be a bit unfair. Therefore, only those sites retaining relative stability will be presented in detail.

From an expected value standpoint, each site should have a 105-105 overall record, with a 52.5-52.5 mark in championship bracket matches, and 14 wrestlers going two-and-out.

DIVISION ONE

2011: 137-102, 57.3% (overall); 72-51, 58.5% (championship only); 7 (two-and-out)

Note – The 2012 configuration for the combined Northeast/Northwest is the same as it was the last two years, but different than it was in the previous three years. As was the case in 2006, the Medina sectional is joining the Lorain Southview sectional in going to the combined district - instead of either the Willoughby South (was at Maple Hts and Garfield Hts in this stretch as well) or North Royalton (was also at Midpark in this stretch) sectional.

All Southwest (Fairfield)

Note: This used to be only four of the five sectionals, now all schools consolidated into four sectionals

2011: 86-108, 44.3% (overall); 30-55, 35.3% (championship only); 21 (two-and-out)

All Central (Hilliard Darby)

Note: This used to be three central sectionals with one southwest sectional, now what had been three sectionals is stretched into four sectionals

2011: 70-114, 38.0% (overall); 32-53, 37.6% (championship only); 21 (two-and-out)
