

Fireside Fellowship:

The Peace of God:

1. What are some things that we can do to acknowledge and build up the leaders in the church?
2. In times when we disagree with a church leader, how can we hold them in the highest regard in love?
3. Living in peace with one another is a core value for the disciple of Christ. How do we live at peace with those who have different preference and methods than we do?
4. What are some practical things that we can do to encourage the disheartened and help the weak?
5. Why are patience and forgiveness are key elements in building the kingdom of God?
