

the Property. Further, any descriptions of deficiencies of the Property should not be interpreted as estimates for the costs of repairs to any system or component of the Property.

CLIENT'S DUTY: The Client understands and accepts that the Inspection and report, in accordance with this Agreement, are intended to reduce, but cannot eliminate, uncertainty regarding the condition of the Property. The Client is responsible for reviewing the permit history and for researching any legal actions or insurance claims involving the Property.

The Client agrees to read the entire written report when it is received and to promptly contact the Inspector with any questions or concerns regarding the Inspection or written report. The written report shall be the exclusive findings of the Inspector. Verbal representations not recorded within the Inspection report are not part of the Inspection.

The Client acknowledges that the Inspector is a generalist and that further investigation of a reported condition by an appropriate specialist may provide additional information on the condition of the Property. Should the Inspector's report reveal any additional conditions that require further investigation or repair, the Client agrees that any further evaluation, inspection, and repair work needs to be provided by competent and qualified professionals who are licensed and/or certified to perform the work.

In the event the Client becomes aware of a reportable condition not contained in the written inspection report, the Client agrees to promptly notify the Inspector and allow the Inspector and/or the Inspector's designated representative(s) to inspect said condition(s) prior to making any repair, alteration, or replacement. If the Client fails to so notify the Inspector and fails to allow an additional inspection, then any costs of such repairs, alterations or replacements will be entirely at the Client's cost without recourse against the Inspector.

LATENT DEFECTS: The Client agrees that the Inspection is not a technically exhaustive investigation or evaluation of every aspect of the Property. The Client acknowledges and agrees that the Inspection and the written report will not reveal every existing deficiency and future condition affecting the Property. The Inspector is not responsible for the non-discovery of any latent defects of the Property or any problems that may occur or become evident after the date of the Inspection. Latent defects of the Property include, but are not limited to: cracking, leaking, surface dislocations, or landslides resulting from, without limitation to, water leaks, land subsidence, or other geological problems. The Inspector is not responsible for any defects that may manifest themselves in the future, any structural failures that may occur in the future, or damages that result from future repairs.

COMPLIANCE WITH BUILDING CODES: Consistent with the scope of the Inspection, as provided in this Agreement, the Inspector will identify items that may present a health or safety issue. However, the Inspector will not provide an opinion on compliance with any particular building code.

INSURABILITY: The Client understands that the Inspection will not determine the insurability of the Property. Insurance companies have different underwriting criteria, and the Inspector cannot be expected to determine how a particular system or component may affect insurability.

ENVIRONMENTAL AND HEALTH CONDITIONS: The Client agrees that the Inspection is not intended to detect, identify, or disclose any health or environmental conditions regarding the Property, including, but not limited to the presence of: asbestos, radon, lead, or urea-formaldehyde; wood destroying organisms, fungi, molds, mildew, feces, urine, vermin, pests, or any animal or insect; drywall that may have been manufactured with contaminated materials (including carbon disulfide, carbonyl sulfide and hydrogen sulfide), polychlorinated biphenyls (PCBs), or other toxic, reactive, combustible, or corrosive
