Auntie Bett's Sponge :

Ingredients: 4 eggs, separated, ¾ cup caster sugar, ¾ cup cornflour, 1 heaped Tblsp custard power, 1 tsp cream of tartar, ½ teaspoon bicarbonate of soda, Copha for greasing.

Method : Preheat oven to 200°F/180°F fan forced. Grease two sponge tins.

NB The Judges at the Nathalia Show told Betty to never use butter to grease your tins because of the salt, so she makes sure to always grease her sponge tins thoroughly with melted copha.

Using mix master or electric mixer beat egg white until stiff peaks form. Add sugar in two stages and beat for further 3-4 minutes. Add egg yolks and beat until combined. In a separate bowl sift dry ingredients several times. Gently fold dry ingredients into mixture until combined. Divide mixture into two sponge tins and bake for 20mins. Remove sponges immediately from their tins to prevent sticking. Place on tea towels to cool (wire rack can be used if it is being iced otherwise it will leave marks). After a few minutes turn over.

5. All machinery in motion shall be either securely fenced or be in such a position or of such construction as to be equally safe to every person as it would be if it were securely fenced.
6. All exhibits must be in the Showground's, and placed ready for judging at the time shown at head of each section.
