

## **TEST QUESTIONS ANSWERS – THE KICKING GAME**

1. Legal formations in both cases. In [b], if a player to the left of K3 does not move to his right before the ball is kicked, a foul will occur. In that case, a whistle should be blown immediately for a dead ball foul.
2. K is entitled to retain the ball, but cannot advance it. The ball is/was dead when K49 recovered it. K's ball at R's 48 yard line .
3. Because K50 was blocked into the ball his touching is ignored. However, K57 is guilty of First Touching. R will most likely accept the first touching and put the ball in play at that spot – K's 47 yard line.
4. [a] Illegal block – 10 yards, previous spot and re-kick.  
[b] Legal block.
5. Although the ball crossed the neutral zone, K did not touch it there. K25's recovery and advance are legal. First and 10 for K at R's 20.
6. The ball is dead when possessed by any player. The 5 yard penalty is assessed under PSK enforcement rules. R's ball, 1<sup>st</sup> & 10 on R's 10 yard line.
7. A's options in both [a] & [b] are the same as they had after the fair catch.  
[a] from B's 30 yard line or in [b] from B's 35 yard line. A may put the ball in play either by snap or free kick (field goal attempt).
8. Fouls for Illegally kicking the ball. Basic spot is previous spot. In [a] if R accepts penalty it will be enforced 15 yards from previous spot. In [b] foul occurs behind the basic spot – so enforcement is from spot of the foul. In each case 4<sup>th</sup> down replayed. If penalty declined - it will be B's ball 1<sup>st</sup> & 10 at out of bounds spot. In [a] the illegal kick is also first touching so B could choose the more advantageous spot.
