

Fireside Fellowship:

The Opposite of God:

1. The topic of the Lord's return and the end times often results in worry, fretting, fear, and false information. Why are disciples of Christ not to respond to the end times in this way?
2. What causes the fear and anxiety in people when thinking about the end times?
3. In what ways will the antichrist be the complete opposite to Christ?
4. How will the antichrist operate in the world when he comes?
5. How can people refuse the truth and delight in wickedness instead of following Jesus?
6. What is the end result of those who refuse to follow Jesus?
