**Insurance:** As evidence of specified insurance coverage, the Town of Farmington may in lieu of actual policies, accept certificates issued by the insurance carrier showing Vehicular, Workers' Compensation and Comprehensive General Liability Insurance policies in force for the specified period. Each policy or certificate will bear an endorsement or statement waiving right to cancellation or reduction in coverage without ten (10) days' notice in writing to be delivered by registered mail to the Town of Farmington. Should any policy be cancelled before final payment by the Town of Farmington to the Contractor and the Contractor fails immediately to procure other insurance as specified, the Town of Farmington reserves the right to procure such insurance and to deduct the cost thereof from any sum due the Contractor under this contract,

Nothing contained in these insurance requirements is to be construed as limiting the extent of the Contractor's responsibility for payment of damages resulting from his operation under this Contract.

Included in such insurance will be contractual coverage sufficiently broad to insure the "Indemnity" provisions: The Contractor shall hold harmless, indemnify and defend the Town of Farmington officials, employees and agents from any and all liability claims, losses or damage arising or alleged to arise from the performance of the work described herein, but not including the sole negligence of the "Town of Farmington Officials".
