

## Initial International Expert Meeting in Poland!

Kick of meeting and the launch of the project took place in October 2016 (27. Oct. 2016) International Meeting inaugurated the project **Multiculturalism in the face of cultural identity - youth educational projects** in Poland, in the Center in Falenty.

During the meeting of project teams, a schedule of activities in the project for the coming months was discussed. A Steering Group was set up. A detailed date was set for the First International Conference in the UK together with Expert Meeting in the UK.

Here began a common adventure with multiculturalism.

The first debates and talks showed us how much we differ and how much we can learn from each other.

The meeting showed that the differences not only concerning our views and opinions, but also the differences between the educational system in each of the country taking part in the project, forms of learning, processes and age of students at different Key Stage.

The tasks have been divided and the challenge has been taken!

**We have a very interesting year of cooperation ahead!**
