

The softball league has suspended the recycling of aluminum cans for this season. However, there are still trash cans set out at the ball park for aluminum cans; aluminum placed in these cans is being taken to the recycling container at the Club House by volunteers.

PLEASE DO NOT PUT TRASH IN THE TRASH CANS MARKED FOR ALUMINUM CANS.

PLEASE DO NOT BRING CANS FROM HOME TO THE BALLFIELDS.

Instead, take them directly to the mixed recycling container (the one next to the trash compactor) by the Club House.

Thanks.
