## MARKETING OPPORTUNITIES & INFORMATION FOR THE HYBRID

### NEUROPSYCHOLOGICAL REHABILITATION CONFERENCE

Professor Robyn Tate (Chair of the NR-SIG-WFNR) and Professor Caroline van Heugten (Program Chair) are excited to announce that the 19<sup>th</sup> Conference of the NR-SIG-WFNR will be held in conjunction with a joint meeting of the Dutch organizations for neuropsychology (Nederlandse Vereniging voor Neuropsychologie (NVN) and NIP sectie Neuropsychologie) and will be held face to face in Maastricht, The Netherlands as well as virtually through CVENT's Virtual Attendee Hub on Wednesday 12<sup>th</sup> and Thursday 13<sup>th</sup> of October 2022 with a meet and greet on Tuesday 11<sup>th</sup>. The Dutch organizations will meet on Friday 14<sup>th</sup> and their programme will be out soon.

**The committee has decided that due to COVID-19 and its impact this year we will be going hybrid. This means that there will be opportunities to attend the conference and advertise your organisation live in the Exhibition Hall as well as being able to advertise using pre-recorded advertisements online to our delegates attending virtually which means your brand and your message will live on for 3 months after the conference has gone live.**

Partners will have exposure to an unprecedented number of multi-disciplinary delegates who work in the field of Neuropsychological Rehabilitation from Australia, around Europe and the World both face to face and virtually. This multidisciplinary conference will attract a wide range of international attendees either in person or virtually from across Europe including Spain, UK, Australia, NZ, USA, Canada, South Africa and Asia who work in the field of Neuropsychological Rehabilitation incorporating Neuropsychology, Clinical Psychology, Occupational Therapy, Physiotherapy, Speech and Language Therapy, Social Work, Medicine and Nursing. *The primary focus of the Conference is rehabilitation of neuropsychological consequences of brain impairment.*

The 2022 program will involve a broad range of presentations either in the room, live streamed or pre-recorded. Platform presentations, datablitz and posters and will consist of papers brought together from submitted abstracts. Professor Robyn Tate will give the only Keynote Address. The local chair is Prof Caroline van Heugten.

The Committee are offering partnership opportunities as per below for interested organisations or individuals. We can also put together bespoke opportunities, just email [Margaret](#). If you would prefer to be Corporate Partner of the NR-SIG-WFNR please get in touch with [Margaret](#) and she will send you a proposal.
