KITCHENER CORRIDOR INVESTMENTS

The City of Kitchener in collaboration with Metrolink continue to invest in major transit corridor and infrastructure improvements for an extensive Regional Express Rail Plan. Agreement negotiations are underway with CN to build a new corridor, delivering two-way all-day electric train service to Kitchener.

In addition to expanded GO and Express Rail service, 868 Million was invested into developing KW's ION Rapid transit system. When ION light rail launches in 2018, users can pay one fare and transfer seamlessly between bus and light rail services. Ion will streamline transit within the Region, operating on a 19-kilometre, 19 station route spanning from Conestoga Mall

in Waterloo to Fairway in Kitchener. DTK Condos is located mere steps away from the Frederick Street ION stop. The Provincial government has pledged \$11 billion* for K-W high-speed rail link to Toronto. This will shave travel time from the Kitchener Transit Hub to the Toronto station to well under an hour. DTK is 2 quick stops to the future Kitchener Transit Hub.

“The province is committing up to \$43 million to fund the transit hub in Kitchener, serving as the main station for Via Rail, GO trains and buses, LRT and Grand River Transit”.

A TOP-TIER ENTREPRENEURIAL ECOSYSTEM IS **HERE.**

Kitchener, part of the greater Waterloo Region is a unique community built on innovation, education, and collaboration, offers one of the most dynamic economies in North America.

This Region's thriving economy is reflected in industries of advanced manufacturing, information and communications, automotive, business and financial services. Located approximately an hour west of Toronto, Waterloo Region is a key partner within the globally recognized Toronto-Waterloo Innovation Corridor.

The University of Waterloo, Wilfrid Laurier University and Conestoga College offer world-class research and idea generation for industries operating here. These leading facilities produce some of the highest caliber talent in the world, generating a deep talent pool of professionals who continually regenerate our local economy and labour force.

22% AGREE KITCHENER IS THE BEST INVESTMENT IN ONTARIO

Source:
Canadian Real Estate
Wealth Magazine

In 2016 *Canadian Real Estate Wealth Magazine* conducted two polls asking participants both which province, and specific market they believe offers the best investment opportunities. An astounding 50% of those surveyed agreed Ontario offers the ultimate investment opportunities. Within the Ontario market an overwhelming, 22% of those polled voiced Kitchener-Waterloo as being the best place to invest. The GTA followed second at 16%.

IDEAS HAPPEN HERE.

Waterloo Region is a hub of tech triumphs. Google is here. Blackberry is here. Microsoft is here. Shopify is here, Communitech is here. Great ideas are born everyday here.

The 2017 Global Startup Ecosystem Report suggests that the Toronto and Waterloo Regions are increasingly behaving as one ecosystem. To date, an estimated 2,700 startups thrive here thanks to world-class talent, entrepreneurial culture, an affordable rental market, and a global base of customers that all look for inspiration and opportunity here.

IN 2017 TECH COMPANIES ATTRACTED \$291.1 MILLION IN VENTURE CAPITAL HERE.

*Source: Communitech Annual Report 2017

Following a targeted, city strategy to attract public and private reinvestment, Kitchener projects employment in the downtown core, including the Innovation District, to rise to 18,500 by 2020, up from 11,600 in 2009*.

DEVELOPMENT IS HERE.

766 Million dollars were recently invested into the new Regional Courthouse facilities. In combination with the vested interest in light rails, it is clear that DTK is ideally located in the heart of all that is happening in Downtown Kitchener. The City’s recently approved Perimeter Development Corp’s new 120,000-square foot, six-storey, glass-fronted office on King Street

West will house Gowling WLG as lead tenant. Additionally, Deloitte Canada is relocating its regional office into a refurbished 28,000 square foot brick-and-beam former industrial warehouse, turned into a collaborative work space for tech-savvy employees. Rezoning approvals, and major tenant acquisitions reinforce Kitchener’s ambitions to transform its former industrial core into a thriving downtown.

INVESTMENT HIGHLIGHTS

- 65.6% tech-job growth rate 2011-2016*
- 8,400 tech jobs added from 2011-2016*
- 766 Million Courthouse improvement
- New 120,000 office at King West with major tenants such as Gowling WLG
- Tech labour pool growth rate second highest in North America
- Tech companies attracted 291.1M in venture capital in 2017.

ABOVE AVERAGE IN SO MANY WAYS.

Waterloo Region's growth rate was 5.5%, between 2011-2016, a figure which exceeded both provincial and national growth rates of 4.6% and 5% respectively. In 2016, the Census population of Waterloo Region was 535,154. Between 2011 and 2016, the population of Waterloo Region grew by 28,058 individuals, approximately 5,600 people per year. *Ontario's Growth Plan* projects that Waterloo Region's population will grow by 185,000 people over the next 15 years.

DEMAND & GROWTH ARE HERE.

People are moving here. Data collected by the K-W Association of Realtors in 2017 illustrates that the average sale price for a home in Kitchener Waterloo increased by 20.7 per cent year-over-year. This meant an increase from \$387,291 to \$467,513.

...The quality of life enjoyed in this Region has always been at the top, even though home prices have been relatively affordable. I think this secret is out now, and the activity of buyers from the GTA certainly demonstrates this...

TONY SCHMIDT, President
Kitchener Association of Realtors

REAL ESTATE MARKET GROWTH

Never before has Kitchener's real estate market been more robust. According to The Region of Waterloo 2016 Building Activity and Growth Monitoring, Report, (PDL-CPL-17-10) The total value of building permits issued for new construction in Waterloo Region was 1.4 billion dollars in 2016, a substantial increase

of 36% over 2015 values and more than 30% higher than the 10 year average. 2017 was the first time average sale prices jumped above \$400,000, just six years after exceeding the \$300,000 threshold. An increase to \$500,000 within one year is foreseeable, as RE/MAX has forecast an average sale price of \$499,233 for Waterloo Region in 2018.

FEE FREEZE.

For a limited time, The City of Kitchener is offering Development incentives to encourage development in the Downtown Core. Both the Municipal and Regional development charges are waived at DTK Condos until early 2019. Development charges here, would typically be in excess of \$15,000 per unit, and represent an immediate and substantial advantage to purchasing today.

“Growth in demand matched unprecedented growth in supply. An improving job market for younger people, eroding affordability and strong immigration raised rental demand.”

ERICA MCLERIE, Senior Market Analyst, CMHC

Detached homes sold for an average price of \$549,046 in 2017, an increase of 21.5 per cent over 2016. This rapid increase has made home ownership unaffordable. Condominiums now present the only affordable and practical option for many first time home-buyers.

RENTAL MARKET DEMAND INCREASES

The need for both urban and affordable condominium and rental accommodations is evident. Demand for rental accommodations across the Region increased by a record setting 7% while vacancy rates dropped to a very low 1.9%.

KITCHENER VACANCY RATES PLUMMET

Between July 2016 and June 2017 1,293 condominium apartments were completed with 30.3% of those being rentals. The rental condominium apartment vacancy rate was a mere 0.7% in September 2017, indicating a lack of supply and a high demand for luxury rental options in new buildings with more amenities. These statistics also verify that the rental demographic is willing and wanting to pay a premium for a more luxurious condominium rental rather than opting for traditional purpose-built rental accommodations.

RENTAL HOUSEHOLDS SKYROCKET

Since 2011 the increase in number of rental households by income has been staggering. Propensity to rent can be attributed to aging populations and market changes. There appears to be an increasing preference to rental accommodations, even in the highest income earners.

PROVEN SUCCESS FROM A LOCAL DEVELOPER

IN8 Developments is a local developer with a team of over 50 dedicated KW resident employees. IN8 takes pride in making Kitchener-Waterloo a beautiful place to live.

IN8 Developments has crafted a residential concept that has proven to be a successful and profitable investment. Since the original Sage Condo project was completed in 2013, IN8 has been the leading developer of student condominiums with 10 Sage Condo projects in their portfolio to date.

Investors of our first Waterloo projects realized an accelerated performance in capital appreciation due to the increased pricing in our subsequent projects. Buyers of one bedroom units in Sage II realized a 35.6% appreciation in the value of their condo versus the price in Sage Platinum three years later.

Realize the benefits of investing now and watch your capital grow. Be among the first to purchase at DTK; Duke Tower Kitchener.
