Please call the phone number on the gate or ring the bell to gain access. Please **DO NOT** open the gates, as we regularly exercise dogs off of the lead.

Thank you

## Feedback

Having never used a boarding kennel myself and never having worked in one, how we deal with your pets is based on the level of care I would expect from somebody looking after anyone of my dogs.

Your feedback and comments regarding all of our services are invaluable to us and will improve our services to both yourselves and your pets.

Your comments will always be received in a positive manner and we will endeavour to ensure continual quality and exceptional care for the pets you entrust with us.
