# Why Should You Sponsor Us?

We are a locally run family friendly baseball club. Like many clubs we have been effected by Covid 19. Before Covid we were a growing club with not only members from Benalla but surrounding towns.

As a club we take pride in helping the youth in the community get out and play a sport or just help out. In the coming year we plan on moving to a better location, with easy access. We hope this will grow our team even more.

By sponsoring us you will help keep the cost low for both juniors and seniors who wish to participate. By keeping our fees low, more people have the opportunity to play sport and develop new skills.
