Discuss the ways in which the development of the Pacific Rim continues the traditions of Asian (primarily Chinese civilization and the ways in which the Pacific Rim departs from that past.
Compare and contrast the experience in China and Vietnam with the process of decolonization elsewhere in Asia and Africa.

1.	Evaluate how the end of World War II impacted the states of the Pacific Rim.	
2.	Identify the reasons for the enormous economic growth of Japan and the Pacific Rim after	1945.
_		
3.	Evaluate why the Communists and not the Guomindang achieved permanent success.	
_		
4.	Define how Mao's political beliefs affected the nature of the Communist system after 1945.	
5.	Trace the gains women achieved in China, Japan, and the Pacific Rim states after 1945.	
	_	

MAP EXERCISE: Create a map showing the locations of the major events, concepts discussed in this chapter. Use additional pages if needed.
