Carol James began her career as a travel consultant and advisor over 40 years ago, helping to make her client's travel dreams come true. Carol is a trusted and respected professional who has been blessed to travel extensively throughout the world. She has traveled to many countries and sailed many seas.

Carol first got the "travel bug" when she was only seven years old, when she would go on family vacations with her aunt, uncle, and cousins. Carol states that travel has "broadened her horizons and has helped her to develop a thankful, happy, and positive attitude towards life."

Carol embarked on a full-time career in the travel industry to help others have the opportunity to see the world. She began her travel career working as an independent representative for a small travel agency, and because of her quick success, was soon swept away and offered the position of General Manager for another, larger travel agency.

In 2000, she started her own travel agency, Carol James Travel, LLC founded on the philosophy and pledge to offer clients the "greatest service possible" with a "personal touch" "to help make their travel dreams come true!"

Carol has personally traveled to more than 40 countries, and has arranged travel for her clients to almost as many. She and her team seek to offer the most cost-effective travel options, worldwide travel expertise and extraordinary service. They will make your trip a pleasurable and unforgettable experience! You will receive the highest level of service,

professionalism, and value.

Carol holds educational degrees in Business Administration and Organizational Management. She is a graduate of Berkeley College, Fairleigh Dickinson University, and Nyack College. She has been active in many professional and charitable organizations, and makes major efforts to always give back to others and to share her many blessings.

Prior to embarking on a full-time career in travel, Carol had an extensive career as a business professional and entrepreneur. Carol spent over 17 years at Hoffman La Roche Pharmaceutical Company as both a Research Librarian and Pharmaceutical Sales Representative, where she received numerous Top Performer Sales Awards.

She has also held positions as the Director of Human Resources at a Nursing Home, the Executive Director of a catering facility, the Director of a Center for people with disabilities, and the Director for an ex-offender's community re-entry program.
