

# PROXI™

## Stain Remover/Deodorizer for Carpet & Upholstery

- Cleans and Dries Quickly
  - No Rubbing
  - No Scrubbing
  - No Blotting
  - No Rinsing
- Oxidizes Stain Molecule
  - Eliminates Odors
  - Non-bleaching
  - No VOCs
  - No Residue
  - Harmless to User
- Patent-Protected Technology

PROXI is an aqueous, one part cleaning composition consisting of Hydrogen Peroxide (Oxygen Bleach), a stabilized oxidizing agent and compatible formulation ingredients. Hydrogen Peroxide breaks down the organic compounds, the body fluids, the grease and grime, coffee and mildew. The result is a gradual fading of the stain. PROXI dissolves organic matter eliminating related odors.

While the stain is removed from the carpet & upholstery, PROXI will not bleach the color out! If there is a crocking concern, it must be tested for colorfastness first.

### Effective to Clean and Deodorize

- Pre-spray
- Spot Removal
- Bonnet Cleaning
- Extraction
- Post-spray
- Deodorizer
- Laundry
- Organic Stains

PROXI destroys odor-causing matter such as vomit, urine, hair oil, mold, sour milk and mildew, without the use of perfumes or fragrance. It does not mask odors it destroys the bacteria causing them.

Hydrogen Peroxide is a well-known antiseptic and disinfectant. Most notable after using PROXI is the clean smell because of the oxidation of odor causing microbes.

PROXI works without rubbing, scrubbing, blotting or rinsing. Just spray and walk away. This ensures that fibers will not be damaged by aggressive mechanical abrasion. PROXI will clean delicate fabrics safely without "roughing up" the fabric surface.

As the product dries, the relative concentration of Hydrogen Peroxide will increase proportionately. The Hydrogen Peroxide becomes stronger and stronger and will oxidize and loosen the stain.

PROXI is harmless to the user, the ingredients used contain no Volatile Organic Compounds (VOC's) and leaves behind no harmful residual chemical footprint because it breaks down into water and oxygen after it completes its work. It is a non-regulated product and requires no special handling.

Professional cleaners will be especially pleased to discover that PROXI is low foaming. It will successfully dislodge soil and dirt and suspend this solution above the substrate until extraction takes place. The No Rinse No Extraction feature is the most important time saver of all.

# PRODUCT USAGE AND INSTRUCTION GUIDE

## PROXI™ Stain Remover & Deodorizer for Carpet & Upholstery

Application	Application Instructions	Effective On
<p><u>Carpets</u></p> <p><i>Spot Spraying</i></p>	<p>Remove all loose soiling from the area to be cleaned. Spray generously about 12 inches from the stained area. <b>DO NOT SCRUB OR BLOT THE TREATED STAIN. JUST SPRAY AND WALK AWAY.</b> Allow area to dry, PROXI™ will gradually break down and remove the stain and remain active for up to 3 days. Retreatment may be necessary in cases of severe staining. On deep pile carpets, work PROXI™ into the pile lightly with a clean rag or light brush. <b>DO NOT SCRUB OR BLOT, TEST COLORFASTNESS ON A HIDDEN AREA PRIOR TO USE.</b></p>	<p>All organic stains such as; blood, juices, pop, red and white wine, body oils, pet stains, vomit, coffee, tea, cola, fruit juice, kool aid, jams, sauces, dirt, general soil. Odor causing microbes, fungus, feces, urine, decay, bacteria, rot, mold, mildew. PROXI™ may also be effective on non-organic stains.</p>
<p><i>Bonnet Cleaning</i></p>	<p>Spray PROXI™ lightly onto carpet and work area with a bonnet cleaner as you normally would with a detergent cleaner. No extraction is necessary with PROXI™. PROXI™ will continue to clean and brighten as it dries.</p>	
<p><i>Extraction</i></p> <p><b>Furniture and Drapery</b></p>	<p>PROXI™ can be used as a prespottor prior to Carpet Extraction</p> <p>Using a trigger sprayer, lightly dampen any stained or discolored fabric with PROXI™, do not extract but allow to dry. Test for colorfastness prior to applying PROXI™.</p>	
<p><b>Mattresses</b></p>	<p>Using a trigger sprayer, lightly dampen a stained or foul smelling mattress with PROXI™. Do not extract but allow the product to fully dry. PROXI™ will remove the stain and destroy the odor causing microbes in the mattress. For deep seated odors inject mattress with a syringe.</p>	
<p><b>Laundry</b></p>	<p>PROXI™ is also effective as a non-chlorine bleach for removing stains.</p>	
<p><b>Automotive Interiors</b></p>	<p>Spot spray with PROXI™ or use in an extraction machine to clean and brighten interior fabrics and carpets in cars, trucks, RV's, boats and trailers.</p>
