HOLSTER SPECIFICATION

## **WRAP Technologies, Inc.** 1817 W 4th St. | Tempe, AZ 85281 800-583-2652 | +1 480-658-2794 support@wrap.com wrap.com

## PRODUCT FEATURES

- Attaches with a belt clip. Also available in MOLLE and Thigh Rig mounting configurations.
- Auto Lock™ technology secures the BolaWrap 150 in a holster during normal activity when re-holstered correctly.
- Auto Lock position allows you to draw the device normally with the index finger sliding from the holster body to BolaWrap 150 frame in a single movement.
- All models are molded from a durable resilient blend of proprietary impact-modified nylon for low maintenance and high performance in all environments.
- Each holster is shipped with a quick detach adjustable belt loop for easier transfer of the device.
- Metal hardware on all models is either stainless steel or brass for all weather performance.
