

On-Site Accommodations

Staff Building

This building has 2 bathrooms each with 2 stalls.

There are 3 individual shower areas.

Some rooms have a small fridge and a microwave, no guarantees if you have one or not but there is a large common kitchen like area with a refrigerator.

5 rooms each with 2 twin beds \$70 per night, bedding included

1 room with 1 twin bed \$45 per night, bedding included

1 room with 3 sets of twin bunk beds (sleeps 6) \$80 per night, bring your own bedding

1 room with 2 sets of twin bunk beds (sleeps 4) \$65 per night, bring your own bedding

Camper Cabins

There are a total of 3 cabins. Each cabin is split into 3 distinct areas those being an upper cabin and 2 halves of a lower cabin. Each area has its own full bathroom so 3 in total for each complete cabin. You need to bring your own bedding, toiletries, etc for the cabins as all that is supplied is the room and the bed.

Upper Cabin has one bathroom and two rooms with 2 bunks each as well as a rather large open area with probably 10-12 sets of bunks (sleeps ???, lots) \$120 per night for an entire upper cabin. Or \$60 per night for each of the rooms. Upper cabins have an area where a coffee pot could go.

Lower Cabin has one room with 3 sets of bunks (sleeps 6). There is a door that joins 2 lower cabins so if a group rents an entire bottom it could be set up to allow full access to both sides. Benefit of this would be access to 2 full bathrooms. \$75 per night per lower section.

If you want a more private bathroom, chose a cabin.

As these are camper cabins you unfortunately cannot bring a dog or any pets.

Contact show secretary NOT Saddlewood with bookings or questions on availability.
