ASPIRE VOGUE INDOOR WALKER

- Lightweight and ergonomic design with small turning circle for excellent manoeuvrability.
- No lifting & spillage - meals can be collected and brought to the desired location without the need for lifting or carrying. The tray is also removable.
- Sitting down for a meal - when the user is sitting, the walker can be turned around and positioned comfortably in front of them, to enjoy their meal.
- Unique folding design - the slimline design reduces the footprint when folded but allows the folded walker to stand upright on its own.
- Brakes - the ergonomic 'Soft Touch' lockable design allows the walker to be secured in place with minimal hand pressure.
- Removable storage bag - utensils and other items can be stowed securely away, ideal for transporting personal belongings around the house.

XXL - REHAB ROLLATOR KING

- It is both functional and has a light and discrete design. It fits through doorways and folds easily for transport and storage in cars.
- It includes a large seat, extra strong tubes and 8" massive tyres that provide extra security, stability and comfort.
- The XXL-Rehab Rollator King has a large support surface. When the user sits down heavily, the back arch prevents the weight being placed too far beyond the support surface. In this way, the risk of accidents is prevented significantly.
- The critical point for rollators for bariatric users are the brakes. The XXL-Rehab Rollator King has "feather touch" hand brakes that provide superior control and ensure the walker is easy to maneuver and to hold the weight.
- The rollator comes with a basket and the handles are fitted with reflectors.

DAYS FOREARM CRUTCHES

- Closed Fixed Armband - The closed fixed armband enables the user to retain the crutch on their arm even if they release their grip on the handle. This prevents the crutch from dropping to the floor accidentally.
- Non-Marking Ferrules - The non-marking ferrules are slip-resistant, for added safety. The 22mm ferrules are fitted.
- Push Pin Adjustment - Adjustment is easy using the simple push pin operation.
- Ergonomic Grip - The Ergonomic handle has been designed and developed in conjunction with Physiotherapists and healthcare professionals. The unique handle distributes pressure over a greater area of the user's hand improving comfort and safety.
- Double Adjustable Crutches - allow you to adjust both the height to handle and the distance between the handle and the arm cuff.

Warranty
1 Year
