

Piano Uno

HOW TO PLAY:

Draw one card from the top of the deck. Play the measure that corresponds with the number on the card. If you draw something other than a number card, the chart below will tell you what to do. Have fun!

Red = forte **Green** = piano **Blue** = legato **Yellow** = staccato

+2 / +4 Card = add to the current measure (example, if you're on measure 2 and you draw a +2 you go to measure 4)

 card = play the current measure backwards.

WILD = change to a different song.

 card = STOP!
