

# Frequently Asked Questions

## **Do you charge a travel fee?**

- I am centrally located in the state of Wisconsin and am willing to travel anywhere in the state. Any venue within a 2 hour drive of my location will not have any additional fee. Anything more than two hours from our location will be \$50 per hour of drive time. You will not be charged for any overnight accommodations for the DJ.

## **Are you Licensed and Insured?**

- Yellowmoon Entertainment is a fully licensed and insured business and copies of these documents can be provided if needed.

## **Will your DJ take requests?**

- As a DJ I have mastered the art of reading a crowd and playing great music that will keep the dance floor busy all night. With that being said I welcome any and all requests that do not conflict with the client's guidelines.

## **Do you have a Backup plan if your DJ is unable to make it to the event?**

- On the rare chance that I would be unable to DJ your event (this has never happened) I do have enough equipment to ensure your event would not be without a DJ/MC. While I pride myself on being the sole DJ of my company I do have an assistant that could step in at any moment and perform all the responsibilities of the company to the high standards I hold myself to.

## **What Equipment do you use?**

- Yellowmoon Entertainment uses the newest and highest quality products.
  - QSC Powered Loudspeakers & Subwoofers
  - EV Evolve 50 Powered column speaker system
  - ChauvetDJ dance floor lighting and uplighting
  - Pioneer DDJ SZ2 4 channel controller
  - Shure & Sennheiser wireless microphone systems

## **Do we have to provide a meal for the DJ?**

- Providing a meal for the DJ, while very appreciated, is not something that is required of the client.
