

# Handleless trims

Our collection of 'true handleless' kitchens feature an ultra-modern, linear, handleless trim. This smart rail system sits neatly between the door and cabinet to create a void that enables you to reach in and easily open the cupboard.

This simple yet effective system not only functions seamlessly, but can also completely transform the overall look and feel of your kitchen when applied in any of our striking colours and finishes - creating an eye-catching design that is all about clean, uninterrupted lines.

We offer five unique handleless trim finishes for you to choose from. Whether you opt to pair your trim with matching doors to create a seamless, continuous look, or combine it with contrasting colours for a bold, individual style, our handleless trim can create a truly distinctive kitchen with a personal touch.
