Why scramble for your checkbook? A KeyCheck Card can make your shopping easier!

Long checkout lines at the supermarket and retail stores can be aggravating. And, fumbling through your wallet or purse for cash or a check and identification can delay you even more.

What's a shopper to do? Keystone Financial has a solution: Our convenient KeyCheck Card!

The convenience of a KeyCheck Card

One of the greatest benefits of a KeyCheck Card is convenience. You will not have the hassles of digging to find your checkbook, writing a check

or showing identification. Similar to a credit card, you just sign for the purchase and the amount is automatically deducted from your checking account. There are no transaction fees when you make purchases or when you access your account through any Keystone MAC machine.

You can use the KeyCheck Card to make purchases anywhere that accepts VISA/MAC — catalog, Internet and phone purchases included. And, you can use the KeyCheck Card at any ATM to access money from your checking account — day or night. You're also protected with a confidential PIN number when you access ATMs. So, with more than 10 million VISA locations worldwide and 300,000 MAC PLUS or VISA ATM

locations, you can shop safely and conveniently — knowing more money can be virtually around the corner when you need it.

Your daily spending limit is \$2,500 or the balance of your checking account, whichever is lower, and your daily withdrawal limit remains at \$400.

Take advantage of this special offer

As a KeyClassic customer, use of your KeyCheck Card is absolutely free of a monthly maintenance fee. So, why not enjoy all the perks of this convenient card!
