Our Classes

Dog Obedience Classes

Let us give you the tools to improve your dog's behavior. Dog's will learn basic sit, down, stay, heeling, and a lot more. Does your dog have problem behaviors (such as jumping on visitors, pulling when walked, barking, chasing the cat, etc.)? Let us help you!

All graduates will have the opportunity to take the **AKC Canine Good Citizen Test!** Yes your dog can do it!

S.T.A.R. Puppy Program

This class is specifically designed for puppies ages 10 weeks to 6 months old. Not only will we cover basic obedience, but they will also have a special puppy socialization time. Issues that relate to puppies will be addressed in each class. Get your little one off to a great start, by bringing them to MidMo Dog Training Puppy Class.

All Puppies will have the opportunity to pass the **AKC S.T.A.R. Puppy Award!**

Therapy Dog Testing

We can give you the Certified Therapy Dog Evaluation through Therapy Dog International.

Agility Classes

Agility is not only fun, but also builds your dog's confidence and burns your dog's excess energy which helps prevent unwanted problem behaviors. Work as a team to conquer the Dog Walk, A-Frame, Tunnel, Jumps, and more! Your dog will thank you for it!
