## Joe Henderson: Hurricane Ian's approach exposes Florida's insurance crisis

Maybe Ron DeSantis should have made property insurance reform more of a priority.

Charlie Crist was on the attack Monday, ripping Gov. Ron DeSantis over his mishandling of the Florida property insurance mess.

Did I say mess? That might understate the issue because it could be a full-blown catastrophe when Hurricane Ian finishes tossing the state around like a ragdoll.

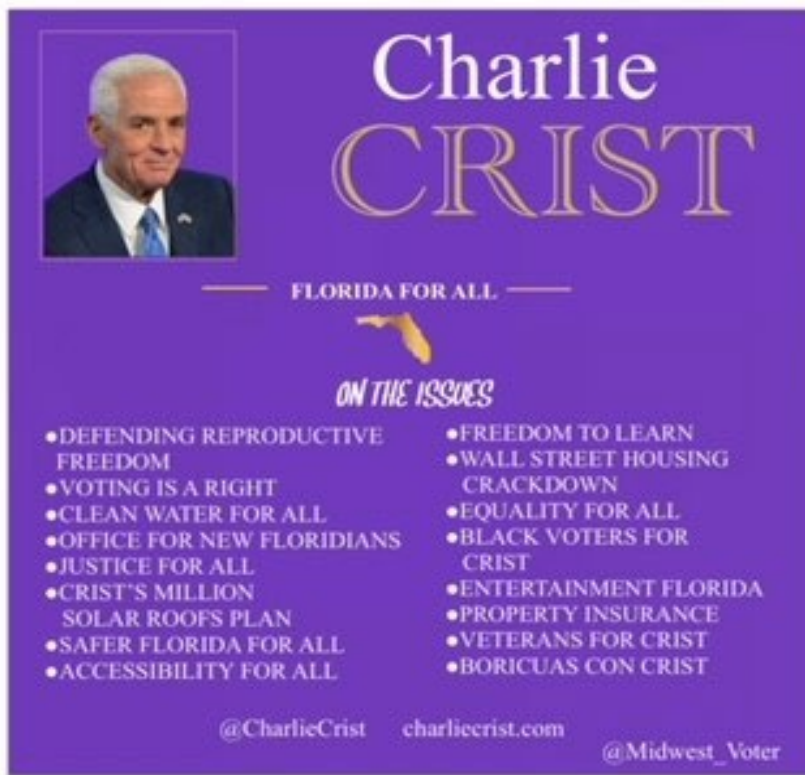

DeSantis, of course, won't listen to Crist and will dismiss his charges as politically motivated. However, there is someone the Governor should have listened to long ago, and it's a member of his own Republican party.
