GVM SUSPENSION UPGRADES

Designed and tested for contractors and tradesmen carrying tools or equipment exceeding original vehicle manufacturer or legal load limits, or for off-roaders fitting a bull bar, winch or long range fuel tank yet still retain load carrying capacity.

The Ironman 4x4 GVM Upgrade will assist in satisfying OH&S, insurance and road transport regulation requirements. Ironman 4x4 has conducted all required testing to ensure complete integration with all safety systems and requirements as well as compliance to laws.
