Background Sheet

Lost in a strange city

The group has been stranded in a foreign city – and it's clear that the city is not in Europe, but in South Korea. You were on a walking tour of the city and somehow got separated from the rest of the group and your guide.

- Your phone batteries are flat and you cannot get in touch with anyone.
- It is a very busy, confusing city with bright lights, traffic, shops, restaurants, the streets all look the same with huge high rise office blocks.
- You don't know the language and you can't even read the road signs, menus and so on.

Plan, what plan?

What do you think should be your plan to get to the airport in time for your flight?

- You need to work out the best way of finding out exactly where you are.
- Where you need to go.
- How you are going to communicate with people in order to achieve that.

You know that your **flight home is in 24 hours** and you need to be at **Incheon International Airport in 22 hours**. The fastest way to get to from the centre of Seoul to the airport is by subway (45 minutes). But how are you going to navigate through a city you don't know?

Disaster

All is going well until one of the group falls ill. Now you have the problem of finding medical help. Your friend is very sick and needs immediate assistance. What is the best thing to do? How are you going to get out of this AND catch the plane home?

Document 2

Group Orders

- ❖ Each member of the group must read this very carefully – these are your instructions for the group tasks.

Part 1

- | | |
|-----|--|
| 1.1 | Briefing. All members of the group must look very carefully at all the documents in the pack and make sure they are familiar with all the details. |
| 1.2 | Use LVT boards to plan the escape. For this task you will be trained in the use of the LVT boards. The boards will help you to make the plan of escape. You then write out your plan of escape. This is an agreed piece of group writing. It is detailed and will help to plan all the other work that follows. It should be done on a large sheet of paper. |
| 1.3 | Build the Team. Look at the task sheet - decide and agree who is going to do what. There are a number of different jobs on the job sheet and all these must be carried out brilliantly. Everyone in the group has a different and very important role to play. |

Task Sheet

Task	Description	Name(s)
Writer 1 Short story	Writing to imagine and explore. Feelings and ideas, focusing on creative uses of language and how to interest the reader.	
Writer 2 Wikipedia entry	Writing to inform and explain. Focusing on the subject matter and how to convey it in sufficient detail for the reader.	
Poster Manager	The poster manager is in charge of the design and construction of the poster. All members of the group should have a contribution on the poster and all should have helped to design it.	
Video team • Camera • Script • Actors	Use the Flip Video cameras to make a video diary OR script and film an interview with one or other of the team about the experiences of successfully escaping.	
Artist	Make clear, informative drawings (or paintings) to illustrate the process of escaping: include the characters that you met, the events that happened and the places where you found yourselves. This will help those who read the poster to visualise what you went through. The Artist could work together with the Writers to illustrate their work.	
Presenter	As the poster is being finished the presenter devises a short presentation that will be given to the Escape Group in the other class to show how the group succeeded in the task.

Medical Help

What are the symptoms of the illness?

Can the patient speak, move and describe what the problem is?

Did it come on suddenly or has the person been feeling ill for some time?

Is it something catching?

How are you going to be able to communicate the problem to the doctor?

How are you going to find a doctor in the first place?

You will need to make a clear note of all these details so that you can explain to the doctors what is wrong with your friend.

Transport

What are the possibilities?

- Taxi – too expensive, would take too long.
- Bus – difficult to navigate – buses tend to follow winding routes and it would be easy to get very lost.
- Train – they don't go there.
- Subway – the subway links the city of Seoul with the airport – it takes 45 minutes to travel from the centre of the city to Incheon.
