## PROFESSIONAL EXPERIENCE (Cont.)

---

### **Selected Highlights & Contributions**

#### *Business Development Strategies*

Distinguished by extraordinary, proven ability to connect to the purpose of an organization and develop programs, products or strategies that serve the community and drive income for the company. With a keen sense of knowledge related to community problems and the ability to research best practices, the ability to develop and expand impactful economic development companies has driven more than \$2M to the businesses and their service areas per year since 2016.

#### *Business and Leadership Facilitation*

- Entrepreneurship
- Business Management
- Urban Development
- Training and Development
- Governance

*Experienced facilitator and instructor* offering value added knowledge in the areas of organized leadership, entrepreneurship, management, development, department structure, operations, governance and company oversight training/development. Consistently providing relevant and innovative curriculum to the audience through creative measures for clear understanding of the material requested for instruction.

*Demonstrated leader amongst both adolescents and adults* in the areas of educational development.

With the creation of assessment and evaluation tools for all classes facilitated, data of students/audience new retained knowledge is calculated consistently. Through the many facilitation opportunities within secondary, post-secondary, continuing education, board meeting, company meetings, conferences, summits and workshop formats, the cross-functional techniques used to relay education is perceived by audiences of all different levels of academia.

*Intentional facilitation to audiences in order to increase their entrepreneurial, business, management, structure, development and leadership knowledge.*
