Mike In Bama. Verified purchase: Yes Condition: New. Such a simple and small book, but there is so much information inside. This is not only a cool collector's item for me, as I love stuff like this yes I'm a nerd , but this also has tons of valuable information that you wouldn't have even

thought you might need; but it's in there! This is the best go-to resource for one of those situations when you need to look up some quick information, but Google is not available.

Good for survival kits and everyday carry bags. Highly recommend as a gift for "preppers," campers, and survival-minded people. Or just nerds like me that are into cool books like this. One of the coolest purchases I've made. Skip to main content. Glover , Trade Paperback. Pocket Ref by Thomas J. Glover , Trade Paperback 4. About this product. Make an offer. Please try again.
