A WORD

I'll admit it. When I first started Jimi the Joint I wasn't really planning to tell a whole story. I was just going to make a few one page Milk and Cheese esque short comics for my webcomic couchcomics.com. I mean I got the idea from my Halloween costume from this past year. You see, my one year old son loves Curious George so I got him a Curious George costume and got myself a giant banana suit to go with it. I put it on and said "Man I look like a big yellow joint!" then light bulb! Lets make a comic.

Welp, since I started working, ideas for the future of this ridiculous character have been flowing like the beer tap of a frat party rager. I plan to continue this book for the near future, so buckle up buddy! It's just going to get funner and more exciting from here on out.

Thanks for reading (or looking at the pictures)

Pass it to the left hand side.

WARNING!

Warning the comic you possess makes light of the very dangerous drug known as marijuana. The creator and publisher of this book would like to make it known that the war on drugs and marijuana is no laughing matter. Marijuana is a gateway drug that leads to the enjoyment of dumb comics like the book you are currently holding. So I guess what this warning is trying to say is... for maximum enjoyment blaze up! Enjoy responsibly.
