

Quitman ISD Educational Fund

Innovative programs and equipment can enhance education but are rarely covered by the school budget. Quitman ISD Educational Fund grants help teachers, staff, and students implement these programs and stay on the cutting edge of education.

The Quitman ISD Educational Fund is designated for supporting, enhancing, and promoting excellent educational opportunities, programs, and incentives for students and teachers of Quitman ISD that are not funded by tax dollars.

It supports the costs of programs that are innovative and supplemental to the regular instructional program, and do not supplant costs already budgeted for the school year.

It fosters the intellectual, emotional, physical, or social development of students whether in the form of increasing the depth and/or variety of subjects or some other form of educational benefit.

This fund is designed to bring people together with a shared vision for advancing the excellent educational programs of the Quitman Independent School District, to nurture school improvement, and become an integral part of supplemental learning opportunities.

Donations of cash are accepted for this fund and are tax deductible. Donations can be made online at the website and include “Quitman ISD Educational Fund” in the “add a note” section of the paypal donation page.
