The Assistant Teacher Training Program (hereafter referred to as ATTP) is designed for students age **12 and up who have recognized within themselves a natural desire for teaching**. You will be trained, evaluated and held accountable for showing progress in the qualities deemed necessary for effective teaching in all age groups.

You will be taught specifically what those qualities and skills are during the special classes held in addition to the regular classes as per the attached schedule. If, at the end of the training program, we collectively assess your skill level and commitment to be less than satisfactory for continuing in our ATTP, we will make the necessary recommendations for future classes and training.

We look forward to seeing you at orientation. Please review the enclosed Fall schedule and list the classes you would be interested in observing/assisting on the preference page provided. Bring the preference page along when you when you attend orientation.

If you have vacation plans, or for other reasons are unable to attend any of the classes to meet the above requirements, please let us know as soon as possible via email or by calling the studio.

We are excited about this program and will be thrilled if you choose to participate.

Sincerely,

*Isha C. Williams*
