

Dear All,

I am sorry for inadvertently missing the following from the July minutes:

Alfie Drew reported that Terry Spicer was not well the last time he saw him.

Peter Alner reported that the Hotel had put up the cost of the Albuhera Dinner to £26-50 per head. It was therefore proposed by the Chairman that for the first time in many years that the cost to members should rise. After discussion it was proposed that the cost should now be £22 per head, this was carried.

Once again I apologise for missing this out and hope that no members were put out.

Yours Aye Barry.
