Dear Ms. Meisel:

On behalf of the National Human Genome Research Institute (NHGRI), National Institutes of Health, and by the authority delegated to me through section 497 of the Public Health Service Act, as amended (42 U.S.C 289f), I am pleased to accept the donation of \$60,000.00 from the Angels for Alyssa MMA Research Fund to the NHGRI Conditional Gift Fund Account.

In accordance with your wishes, these funds will be used by the NHGRI to support Dr. Charles Venditti's research on Various Disorders of Organic Acid Metabolism Including Methyl Malonic Acidemia (MMA) and Propionate Acidemia (PA). In the event that any unobligated funds remain in the account after expiration of the Agreement, the remaining balance may be used by the NHGRI as it sees fit, including, transfer of unexpended funds to the NHGRI unconditional gift fund.

Support from organizations such as yours makes it possible for the National Institutes of Health to work toward understanding, preventing, and eradicating disease.

We deeply appreciate your help.

Sincerely yours,
