

Our Educational Philosophy

At the STEM Early Learning Program with Eastman Safety Training Centre, we believe that “team work makes the dream work” and encourages a team centered learning experience that includes parents, educators, and the budding young scientists and creatives, your child. Our mission is to care for the emotional, cognitive, social and physical health of your child while simultaneously allowing, encouraging, and orchestrating their creativity in a quality-learning environment.

Program Details

Located in the Eastman Safety Training Centre – 62 Life Sciences Pkwy Steinbach – For 3 – 5 year olds (must be potty trained)

We offer programming on Wednesdays & Thursdays, with your choice of morning or afternoon sessions either from 9 – 11:30 AM or 1 – 3:30 PM. STEM ELP classes begin at 9 AM & 1 PM sharp. We ask parents to bring your child no earlier than 8:50 AM or 12:50 PM, as there will be supervision starting at these times only.

STEM ELP will have 3 intakes throughout the year. Each program will run for 10 sessions:

- Fall Intake runs September 13th – November 16th 2017
- Winter Intake runs January 10th – March 15th 2018
- Spring Intake runs April 11th – June 14th 2018

The program fee is \$8.20/day (\$82/10 week session @ 1 day per week or \$164/10 week session @ 2 days/week). Full payments are expected in order to secure your child's spot.
