

SPONTANEOUS HUMAN COMBUSTION--SHC

The strange unexplained phenomena known as "spontaneous human combustion" is described as the burning up, explosion (with fire) of a human body from the inside for no apparent reason. I watched a program recently on the learning channel that had spontaneous human combustion on the top of their list of unexplained or understood phenomena. It was rated number one, even above ghosts

and UFO's, as the strangest phenomena known to mankind. It appears to be unexplainable to science because they refuse to acknowledge the works of Satan on planet earth.

Apparently, when these humans burn up from the inside out, there are sometimes arms or legs left unharmed. The bodies appear to burn instantaneously and not cause any damage to the surrounding area. The fire is so intense that there remains only ashes of the burned area, with total consumption of that particular area. For example.. A person found burned up in such a way will be found laying in a bed, completely

disintegrated, yet the

immediate surroundings in the bedroom will be burned very little. The combustion appears to be contained to a small area around the body.

Spontaneous combustion is an act of Satan when he needs to show his power, for a particular reason. In order for this to happen to an individual, they must not be a Believer in the God of Abraham, Isaac and Jacob. If they were Yahveh would protect them.

I believe the following is a reasonable explanation as revealed to me by the Holy Spirit of Yahveh.

1) It may occur because one of his servants has not listened to him multiple times and is being punished.

- 2) It may happen because one of his witches, coven Masters, or coven Princesses does things for her own glory instead of giving all the glory to split-foot.
- 3) It may happen for a particular reason because the Devil needs to show someone or group of persons just how much power he really has over his servants.
- 4) Satan uses it to scare his servants (witches), into obedience.
- 5) Satan uses it for extremely special ceremonies. (July /02/May/09)

There is even the thought that Yahveh Himself, if and when He gets made enough, may just destroy people in a form that may be considered spontaneous combustion. Spontaneous combustion might be what is being referred to in these verses:

Ezek. 28:18-19 *By your many crimes in dishonest trading, you have profaned your sanctuaries; **therefore I brought forth fire from within you, and it has devoured you; I reduced you into ashes on the ground** in the sight of all who can see you. All who know you among the peoples will be aghast at you. You are an object of terror, and you will cease to exist.”*

Mal. 4:1 *“For behold, the day is coming, burning like a furnace; and all the arrogant and every evildoer will be chaff; and **the day that is coming will set them ablaze,**” says the LORD of hosts, “so that it will leave them neither root nor branch.”*
