INSTRUCTIONS

Some women find that bladder, bowel or vaginal symptoms affect their activities, relationships, and feelings. For each question, place an **X** in the response that best describes how much your activities, relationships or feelings have been affected by your bladder, bowel or vaginal symptoms or conditions **over the last 3 months**. You may or may not have symptoms in each of these three areas, but please be sure to mark an answer in **all 3 columns** for each question. If do not have symptoms in one of these areas, then the appropriate answer would be "Not at all" in the corresponding column for each question.

EXAMPLE

For the following question:

If your bladder symptoms interfere with your ability to drive a car *moderately*, and your bowel symptoms interfere with your ability to drive a car *somewhat*, but your vaginal or pelvic symptoms do not interfere with your ability to drive a car or you have no vaginal or pelvic symptoms then you should place an X in the corresponding boxes as indicated below:
