#### NC CACFP CHILD INCOME ELIGIBILITY APPLICATION

### HOUSEHOLD LETTER FOR NON-PRICING INSTITUTIONS

## Dear Parent or Guardian,

Please help us comply with the federal requirement mandating the annual submission of program Income Eligibility Applications. This application will be used only for eligibility determination, placed in our files, and treated as confidential information. In order for participants and the day care center to be considered eligible for program benefits, an adult household member must complete the program Income Eligibility Application (IEA) for each participant enrolled in the center as soon as possible, sign, date and return it to the day care center. Completion of the application is not mandatory unless you wish to be considered for eligibility as a free or reduced-price participant.

If you currently receive SNAP, Temporary Aid to Needy Families (TANF) or Food Distribution Program on Indian Reservations (FDPIR), you are not required to list household income. You may give your SNAP, TANF or FDPIR case number, sign, date and return the application. If a child is a member of a SNAP or FDPIR household or is a TANF recipient, the child is automatically eligible to receive free program meal benefits, subject to completion of the application.

You should also note that if you have a foster child the day care center is eligible for program benefits for the foster child regardless of the income of your household. Households with foster and non-foster children may choose to include the foster child as a household member, as well as any personal income earned by the foster child, on the same household application that includes their non-foster children. Please contact the institution for further instructions.

You should list the name of everyone who lives in your household, including all children, parents, grandparents, and other relatives. The Department of Agriculture defines a household as a group of related or unrelated individuals (not residents of an institution or boarding house) who are living as one economic unit (i.e. sharing living expenses).

The income reported **must** be the total gross income, before deductions, received by all members of the household last month (i.e. wages, public assistance, TANF or retirement, etc.). Military benefits received in cash, such as housing allowance for military households living off base and food or clothing allowance **must** be considered as income. If you have a household member whose last month's income was higher or lower than usual, list that person's expected average monthly income.

### REDUCED PRICE GUIDELINES EFFECTIVE JULY 1, 2020 - JUNE 30, 2021\*

\*Households with income less than or equal to these levels are eligible for free or reduced-price meals.

You may submit a Child Income Eligibility Application any time during the fiscal year. Participants having family members who become unemployed are eligible for free or reduced-price meals during the period of unemployment, provided that the loss of income causes the family's income during the period of unemployment to be within the eligibility standards for those meals.
