If an exemption will be in effect when the borrower takes possession of the home, we must have documentation that the title company will file the exemption at closing. If the title company cannot provide this confirmation, the exemption must be removed and tax calculation showing at the worst-case scenario for escrow set up and DTI calculation.
- For New Construction, the title company must provide an estimate of the property taxes based on the appraised value of the home. A state/county approved calculator for property taxes will be allowed but the calculation must be based on appraised value.
