3-Ply Civilian Mask

The civilian mask is a 3-Ply mask for general use in daily life and for non-medical environments e.g. industrial. The mask is disposable and is for single use purposes only. The product is non-fitted and contributes towards providing protection against harmful particles in the air from entering the nose and mouth.

At a glance:

- Colour: Blue
- Size: 170mm x 95mm(pleated) +/- 5mm
- 3-Ply non-woven polypropylene material – 100% latex & glass fibre free
- Integral nose plastic coated strip with anti-fogging nose piece
- Elasticated ear loops
- 100% latex free
- Lightweight & comfortable
- Box quantity: 50

3-Ply Type IIR Mask

The Type IIR mask is a 3-Ply mask for use in medical and non-medical environments. This mask is for single use purposes only and is disposable. The mask is non-fitted and provides splash resistance and contributes towards protection against harmful particles and droplets from entering the nose and mouth.

At a glance:

- Colour: Blue
- Size: 170mm x 95mm (pleated) +/- 5mm
- 3-Ply non-woven polypropylene material – 100% latex & glass fibre free
- Integral nose plastic coated strip with anti-fogging nose piece
- Elasticated ear loops
- 100% latex free
- Lightweight & comfortable
- Box quantity: 50

FFP2 Particulate Respirator Mask

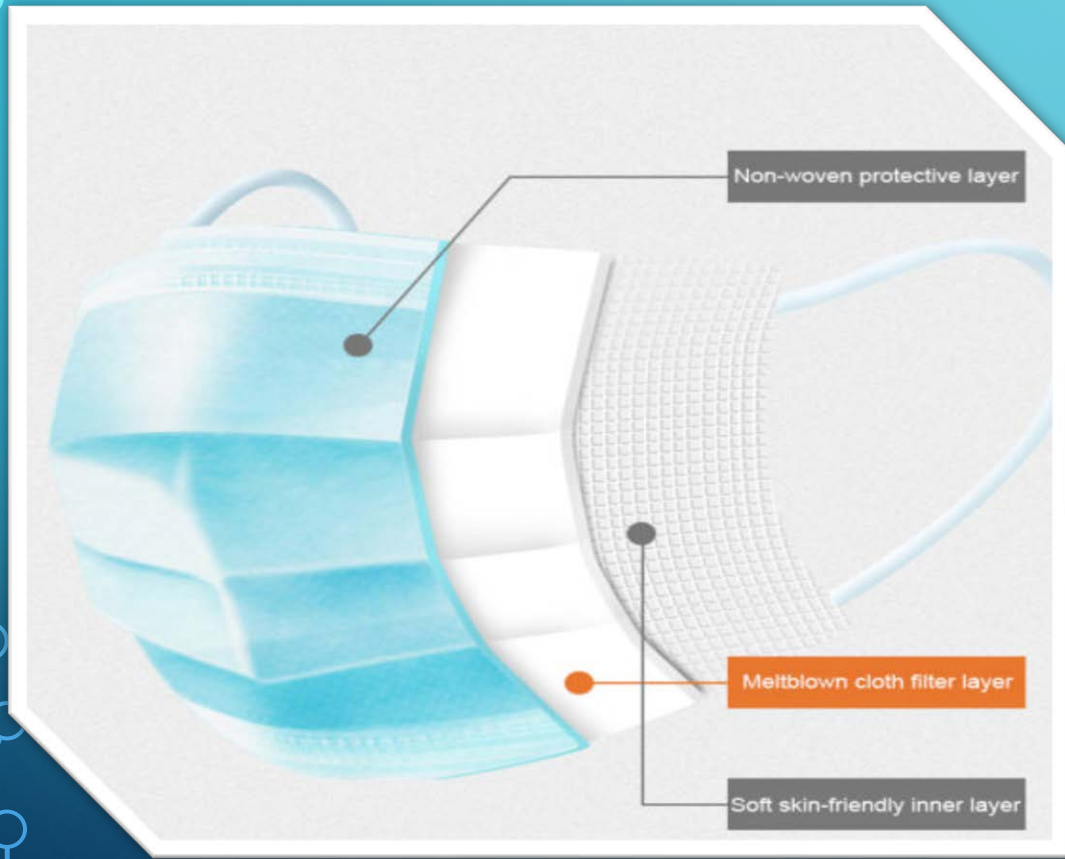

The FFP2 is a fitted particulate respirator mask which provides effective respiratory protection for use in environments where the user will be exposed to solid particles and/ or non-volatile liquid particles. The respirator mask can effectively filter dust, bacteria and other harmful substances when fitted correctly. Ideally suited for applications where a higher protection factor is required.

At a glance:

- Colour: white
- Box quantity: 40 (2 pieces per polybag)
- 100% latex free
- Elastic ear loops
- Skin friendly lip

Mask Specifications

Detail	Specification
Item	3-Ply Civilian Mask

Nitrile Examination Gloves

Nitrile Disposable Gloves are made from man-made synthetic rubber, so they do not contain latex which reduces the risk of allergic reactions. Nitrile Gloves are very robust with high levels of puncture and chemical resistance. Nitrile Gloves also provide a comfortable fit with good sensitivity and dexterity. These features make Nitrile Gloves especially suited to Industry and Medical sectors.

At a glance:

- Color: Blue
- Box quantity: 100 (1000 Carton Quantity)
- 100% latex free

Visor film	Optical grade PET	0.175mm thick
Solid headband	Soft grade PU	12mm thick
Product Code	V200	

Non-contact Forehead Thermometer

No more worrying about spreading germs with shared thermometers. The non-contact IR thermometer instantly captures the infrared heat of the body to deliver perfectly accurate readings within 1 second. This prevents the need for regular sterilization or the fear of cross-contamination and infection.

At a glance:

- More accurate than traditional thermometers
- Single-button controller for convenience
- Great for measuring room temperature and that of food, water and liquids
- Auto shut down after 15 seconds of inactivity
- Memory bank with 12 previous readings

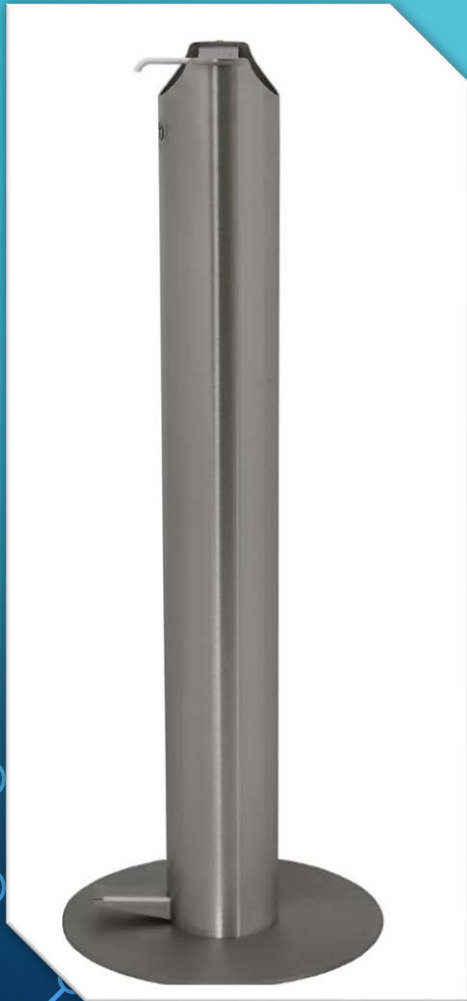

Specification Forehead Thermometer

Detail	Specification
Effective Distance	5-8 cm
Range	Body temp: 35.0°C / 42.9°C
Working Conditions	16°C / 40°C – relative humidity <85%
Storage Conditions	-20°C / 55°C – relative humidity <85%
Resolution	0.1°C
Repetitiveness	<±0.2°C
Product Code	NFT-8911

Detail	Specification
Power Consumption	Off: <10uW Operation:<30mW
Testing time	<0.5s
Power Supply	D.C. 3V (2x AA batteries)
Weight	Approx 97g
Size	93 x 153 x 41mm (L x W xH)
Certificates	FDA, CE, ISO 13485

Cetro Pedal Activated Hand Sanitizer Station

Proudly made in the UK, this stainless steel dispenser is fully mechanical, with a pedal mechanism that avoids hands making contact with the sanitizer bottle.

At a glance:

- Stainless steel
- No need for hand contact during operation
- Hygienic
- Free-standing or fixed to the ground
- Vandal proof
- Compatible with any standard sanitizer bottle
- Durable and robust

Specification Pedal Activated Sanitizer Station

Detail	Specification
Material	Brushed Grade 304 stainless steel
Height	1,000mm
Diameter	114mm
Foot Diameter	330mm
Sanitizer Compatibility size	Diameter max: 110mm – Height max: 300mm
Product Code	Cetro-0091

Cetro Hand Sanitiser

DISPENSER PUMP SOLD SEPARATELY, PLEASE
CONTACT FOR AVAILABILITY

80% alcohol content hand sanitizer that kills 99.99% of bacteria, germs and viruses. This product is medical grade and is manufactured to World Health Organization hand sanitizer formula 1.

Ideal for sanitizing hands and helps to reduce contamination. Effective without water, ideal for hygiene-critical areas such as healthcare and food processing environments.
